2013 has been an exciting year with, we believe, the largest number of students graduating in Ridley’s history, each heading out into many wonderful mission opportunities. During 2013 two new initiatives were launched.

The Ridley Certificate: high quality online teaching for many contexts outside Ridley including for individuals and church groups to increase their knowledge of God and the Bible, covering domains such as prayer, apologetics and pastoral care, theology. 6 subjects are now available with 2 additional subjects to be launched every 6 months www.certificate.ridley.edu.au

The Marketplace Institute: a bold new approach to bridge the divide between Sunday (church) and Monday (the workplace) with understanding and awareness through teaching, conversation, research and resources.

Both these initiatives are helping shape the theology of a new generation of church leaders and workers that will equip, empower and support them in their vocation and ministry.

In 2014 we have commenced a 5 year program to expand online learning to a full degree with a high standard of teaching, and flexible study modes to reach underserved parts of Australia and support those studying and working concurrently.

We are grateful for our many supporters for your prayers, encouragement, participation and financial contribution without which the current and new initiatives of Ridley would not be possible.

We also acknowledge the Leadership team, faculty, staff and Board for their dedication in serving Christ at Ridley and their willingness to explore and engage with the new ministries God is so clearly calling us to.
