### **About Christ Collective**

We like pot luck meals, neighbourhood connection, social justice and Jesus. We are a small community church, but we all pitch in. We are creative, contemplative and charismatic. We gather in a hall and in homes. Our vision is to transform our neighbourhoods through Christ's love. We are currently looking for a lead pastor for our small community.

Christ Collective was founded on a vision of authentic Christian communities sharing life together and drawing others into the warmth of Christ's love. We are inspired by the early church as seen in the book of Acts.

Some ways we have dreamed of this being fulfilled include:

- Community meals hosting a mix of cultures and backgrounds
- A vibrant place for youth and young adults
- Out of the box liturgy that mixes ancient and contemporary practices
- Growing in our faith as we encounter Jesus together

If we've piqued your interest, please contact us.
